Additional Items for SCC Students & Faculty ("learner" account)	
<i>Class Folders</i>	Access to class data files
<i>My Documents</i> folder	Personal storage area for files*
NOTE: Based on specific need, certain classes may have access to additional applications	

*This area is highly recommended for storing the files you use regularly with mySCC. Although you can access files stored on your computer's hard drive or flash drive, performance will be significantly diminished.

NOTE: Faculty and students who use Blackboard:

In order to upload data files to Blackboard – which are created/stored from within mySCC – make sure you log into Blackboard THROUGH mySCC, using the Blackboard icon.

Additional Items for SCC Staff & Residential Faculty ("client" account)	
<i>H Drive folder</i>	Personal storage area for your files*
<i>Group Drive folder</i>	Access to W: (shared) drive
<i>Web Sites</i> folder (in addition to "Standard")	
BOEXi Reporting	Generation of reports from SIS
Change SCC Password	Reset network account password
RISv2	Generation of reports from SIS
SharePoint	SCC employee resources
<i>Microsoft Office</i> folder	
Project 2007	Project planning & implementation software
<i>Faculty Tools</i> folder (SCC employees only)	
MicroGrade	Grade book software
Respondus	Test creation tool (can publish exams to Blackboard)
StudyMate	Self-study activity creation tool (can publish to Blackboard)
TestGen	Pearson test generation and testbank tool

*The *H Drive* (or *My Documents*) folder is **highly recommended for storing the files you use** regularly with mySCC. Although you can access files stored on your computer's hard drive or flash (USB) drive, performance will be significantly diminished.
