

Blackboard Quick Reference Guide

Change IE Browser Start-up Page

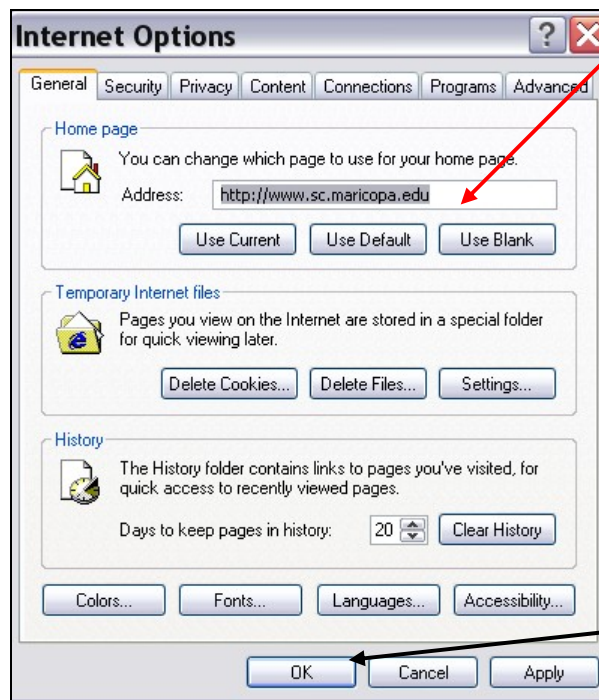

Microsoft Internet Explorer (IE) is the preferred browser for using Blackboard, as well as accessing other web sites at SCC. Even if you use Netscape to access your email, it is recommended that you use IE when browsing other SCC web sites. Below are instructions on how to set your Internet Explorer default start-up page to the SCC Home Page:

Step 1: Click on  to open Internet Explorer.

Step 2: From the **Tools** menu, click **Internet Options**.

Step 3: Enter the SCC Home Page URL as the address: <http://www.sc.maricopa.edu>.

Step 4: The new home page will show when you click  or the next time you open the browser.

You can update to the most current IE browser at: <http://www.microsoft.com/ie/download>.
